A	
Academy of Science of South Africa (ASSAf). Public statement on HIV-AIDS by the Academy of Science of South Africa	256
<i>Accipiter melanoleucus</i> . Putative function of green lining in black sparrowhawk nests: mite-repellent role?	358
Acid mine drainage. The microbiology of acid mine drainage: genesis and biotreatment	249
Active-layer dynamics. Permafrost, active-layer dynamics and periglacial environments of continental Antarctica	82
Active learning. Games worth playing: effective science teaching through active learning	497
ACRU hydrological model. Climate change and water resources in the southwestern Cape, South Africa	369
Advanced Very High Resolution Radiometer data. Remote sensing to detect sub-surface peat fires and peat fire scars in the Okavango Delta, Botswana	351
<i>Aepyceros melampus</i> . Succinylcholine overdose in the African elephant (<i>Loxodonta africana</i>) and impala (<i>Aepyceros melampus</i>): pharmacokinetics, pharmacodynamics and physiological responses	581
Aerial census data. Biases in estimating population size from an aerial census: a case study in the Kruger National Park, South Africa	455
Aerosol and trace gas emissions. Southern African Regional Science Initiative (SAFARI 2000): overview of the dry season field campaign	125
Aerosol and trace gas emissions. The Southern African Regional Science Initiative (SAFARI 2000): wet season campaigns	131
African elephant. Succinylcholine overdose in the African elephant (<i>Loxodonta africana</i>) and impala (<i>Aepyceros melampus</i>): pharmacokinetics, pharmacodynamics and physiological responses	581
Afromontane forest. The trade in medicinal plants in the Eastern Cape Province, South Africa	589
Agenda 21. Meeting the challenge of Agenda 21: priorities for the science and technology community	331
<i>Agrobacterium tumefaciens</i> transformation system. Green fluorescent protein as a reporter of early transformation events in cassava (<i>Manihot esculenta</i> Crantz)	301
Agulhas Front. The temporal displacement of ocean fronts southeast of Africa	304
AHUMADA, A.L.	166
AIDS (Disease). Public statement on HIV-AIDS by the Academy of Science of South Africa	256
Air masses. Southern African Regional Science Initiative (SAFARI 2000): overview of the dry season field campaign	125
Air pollution. Analysis of SO ₂ pollution in the South Durban Industrial Basin	543
ALBERTS, V.	604
Along Track Scanning Radiometer data. Remote sensing to detect sub-surface peat fires and peat fire scars in the Okavango Delta, Botswana	351
ALTABA, C.R. and CELA-CONDE, G.J.	229
Amatola mountains. On the Pleistocene palaeoenvironmental evidence from the Amatola scree	598
AMD waters. The microbiology of acid mine drainage: genesis and biotreatment	249
Anchovy recruitment prediction. Predicting anchovy recruitment in the southern Benguela ecosystem: developing an expert system using classification trees	465
ANDERSON, D., et al.	534
Andrew Bain Fracture Zone. Physical and biological variability in the Antarctic Polar Frontal Zone: report on Research Cruise 103 of the MV SA Agulhas	534
ANNEGARN, H.J., et al.	111, 119, 125
<i>Anopheles arabiensis</i> . Insecticides susceptibility in the South African malaria mosquito <i>Anopheles arabiensis</i> (Diptera: Culicidae)	205
ANSORGE, I.J., et al.	304, 534
Antarctic Polar Front. Physical and biological variability in the Antarctic Polar Frontal Zone: report on Research Cruise 103 of the MV SA Agulhas	534
Antarctic region. Review of present and Quaternary periglacial processes and landforms of the maritime and sub-Antarctic region	71
Antarctic research. Ground geomagnetic surveys conducted at Vesleskarvet, Antarctica	281
Antarctic research. Measurements of stratospheric ozone at SANAE, Antarctica	286
Antarctic research. Proton ground-level enhancements of the 23rd solar cycle	289
Antarctic research. Pulsations in high time resolution SHARE HF radar data	264
Antarctic research. Radar backscatter signals and weather at SANAE, Antarctica	273
Antarctic research. The effect of wind on pressure correction of the SANAE neutron monitor counting rate	278
Antarctic research. The SHARE radar at SANAE, Antarctica	257
Antarctic research. Simultaneous observations of rapid changes in the range of radar backscatter in both hemispheres	269
Antarctic research. The triggering of atmospheric discharges by whistler-induced electron precipitation	283
Antibacterial testing. Antibacterial activities of five plants against some medically significant human bacteria	25
Anticyclonic circulation. The climate of tropical southern Africa during the SAFARI 2000 campaign	527
Aphid-borne viruses in zucchini crops. Studies on the cultural control of virus diseases in zucchini crops	225
<i>Apis mellifera scutellata</i> . Parasitic Cape bees in the northern regions of South Africa: source of the founder population	404
APPLETON, C., et al.	607
<i>Arabidopsis thaliana</i> . Disease resistance signalling in <i>Arabidopsis</i> : applications in the study of plant pathology in South Africa	161
Argentina. Inventory of fossil cryogenic forms and structures in Patagonia and the mountains of Argentina beyond the Andes	171
Argentina. Periglacial phenomena in the high mountains of northwestern Argentina	166
<i>Ascaris lumbricoides</i> . Burden of schistosomiasis and soil-transmitted helminth infections in primary school children in Mpumalanga, South Africa, and implications for control	607
ASSAf see Academy of Science of South Africa	
Atmosphere. The state of the atmosphere over South Africa during the Southern African Regional Science Initiative (SAFARI 2000)	91
Atmospheric circulation patterns. The climate of tropical southern Africa during the SAFARI 2000 campaign	527
Atmospheric circulation patterns. The wet winter of 2001 over the southwestern Cape, South Africa: potential large-scale influences	307
Atmospheric-pressure corrections. The effect of wind on pressure correction of the SANAE neutron monitor counting rate	278
Atom bomb tests. Accurate dating with radiocarbon from the atom bomb tests	437
ATSR data. Remote sensing to detect sub-surface peat fires and peat fire scars in the Okavango Delta, Botswana	351
AUF DER HEYDE, T. and THOMAS, S.	36
AUGUSTINUS, P.	64
<i>Aureobasidium pollulans</i> . Yeasts and related microorganisms isolated from ripe marula fruits (<i>Sclerocarya caffra</i>) in Zimbabwe	551
AUSTIN, B.A.	8, 9
AUSTIN, BRIAN see AUSTIN, B.A.	
<i>Australopithecus</i> . Newly revealed information on the Sterkfontein Member 2 <i>Australopithecus</i> skeleton	523
<i>Australopithecus africanus</i> . Australopithecine postcrania (Sts 14) from the Sterkfontein Caves, South Africa: the skeleton of 'Mrs Ples'?	211
<i>Australopithecus africanus</i> . 'Mrs Ples' (Sts 5) from Sterkfontein: an adolescent male?	21
AVHRR data. Remote sensing to detect sub-surface peat fires and peat fire scars in the Okavango Delta, Botswana	351
B	
Baboons. Local delivery of bone morphogenetic proteins in primates using a reconstituted basement membrane gel: tissue engineering with Matrigel	429
BAMFORD, M.K. and STEVENSON, I.R.	181
Banana disorders. The status of Fusarium wilt (Panama disease) of banana in South Africa	341
BARRABLE, A., et al.	611
Basal tapinocephalid dinocephalians. The first vertebral column of a basal tapinocephalid dinocephalians (Synapsida: Therapsida)	391
Basil Schonland. Basil Schonland: memories of the man at work	11
Basil Schonland. Basil Schonland: some personal reminiscences	13
Basil Schonland. Sir Basil Schonland and the phenomenon of ball lightning	9
Bayesian belief networks. Choosing geological models with Bayesian belief networks	500
BEBOVA, S.A., et al.	194
BENADIE, A. and CORNER, B.	281
BENADIE, A., et al.	296
BENCHERIF, H., et al.	543
BERGER, D.K., et al.	97, 161
BERNARD, K., et al.	534
BESSONG, P.O., et al.	25
BESTER, A., et al.	557
<i>Bifidobacterium bifidum</i> . Survival of probiotic bacteria in South African commercial bio-yogurt	298
BIGGS, R. and SCHOLES, R.J.	420
Bio-yogurt. Survival of probiotic bacteria in South African commercial bio-yogurt	298
Biocomplexity and climate change. Biocomplexity and climate change: a new capacity building research programme at Marion Island	217
Biodiversity conservation. A decade of biodiversity conservation and use in South Africa: tracking progress from the Rio Earth Summit to the Johannesburg World Summit on Sustainable Development	233
Biofiltration. Physiological characterization of a methanol-oxidizing microbial association isolated from landfill final covering soil	434
Biological nutrient removal processes. Evaluation of nitrification by heterotrophic bacteria in biological nutrient removal processes	222
Biological systematics. Progress in southern African systematics	139
BISCARDI, A., et al.	429
Black sparrowhawks. Putative function of green lining in black sparrowhawk nests: mite-repellent role?	358
BLATCH, G., et al.	301
BMD measurements. Local delivery of bone morphogenetic proteins in primates using a reconstituted basement membrane gel: tissue engineering with Matrigel	429
BMP/OP proteins. Local delivery of bone morphogenetic proteins in primates using a reconstituted basement membrane gel: tissue engineering with Matrigel	429
BMP/OP proteins. Periodontal tissue regeneration by recombinant human osteogenic protein-1 in periodontally-induced furcation defects of the primate <i>Papio ursinus</i>	361
BOCKHEIM, J.G. and HALL, K.J.	82
BODEKER, G.E., et al.	397
BOELHOUWERS, J. and MEIKLEJOHN, K.I.	47
Bone mineral density measurement. Local delivery of bone morphogenetic proteins in primates using a reconstituted basement membrane gel: tissue engineering with Matrigel	429
Bone morphogenetic/osteogenic proteins (BMPs/OPs). Local delivery of bone morphogenetic proteins in primates using a reconstituted basement membrane gel: tissue engineering with Matrigel	429

Bone morphogenetic/proteinogenic proteins (BMPs/Ops). Periodontal tissue regeneration by recombinant human osteogenic protein-1 in periodontally-induced furcation defects of the primate <i>Papio ursinus</i>	361
BOOMAN, M., <i>et al.</i>	607
BOTHA, A.M., <i>et al.</i>	197
BRAGA, J., <i>et al.</i>	121, 211
Brain cooling. On the guttural pouch and selective brain cooling in equids	189
Brewing yeast. Comparison of preservation methods for the maintenance of brewing yeast	23
Bristled imagery. Natural models, ethnology and San rock-paintings: pilo-erection and depictions of bristles in southeastern South Africa	563
British Association for the Advancement of Science. The British Association meeting of 1905 and the rise of physical anthropology in South Africa	336
Broadband solid-state detectors. All-weather calibration of broadband (Robertson-Berger type) meters for ozone dependency	397
BROWN, A.C.	419
BRUIYN, H. de <i>see</i> DE BRUIYN, H.	
BURKE, A.	560
BUX, F., <i>et al.</i>	222
C	
Calibration of broadband detectors for ozone dependency. All-weather calibration of broadband (Robertson-Berger type) meters for ozone dependency	397
Cancer rates. Significant decline of hepatocellular carcinoma from 1964 to 1996 in black gold miners from Mozambique working in South Africa	601
Capacity building. Capacity building in science and technology	334
Cape honeybee. Parasitic Cape bees in the northern regions of South Africa: source of the founder population	404
Cape Metropolitan Region. Climate change and water resources in the southwestern Cape, South Africa	369
<i>Carcharodon carcharias</i> . Records of the white shark, <i>Carcharodon carcharias</i> (Linnaeus 1758), from the western Indian Ocean	347
Cartapip 97 [®] . Pathogenicity of <i>Ophiostoma pillerum</i> (Cartapip 97 [®]) compared with that of other South African sap-staining fungi	401
Cartographic history. South African science in the years 1902–100n	29
Cassava (<i>Manihot esculenta</i> Crantz). Green fluorescent protein as a reporter of early transformation events in cassava (<i>Manihot esculenta</i> Crantz)	301
Cave deposits. Palaeomagnetic analyses of calcified deposits from the Plio-Pleistocene hominid site of Kromdraai, South Africa	537
Cavendish bananas. The status of Fusarium wilt (Panama disease) of banana in South Africa	341
CAYLOR, K., <i>et al.</i>	131
CELA-CONDE, C.J. and ALTABA, C.R.	229
Central place foraging. Optimal transport in central place foraging, with an application to the overdispersion of hewettflies	141
Chama baboon. Periodontal tissue regeneration by recombinant human osteogenic protein-1 in periodontally-induced furcation defects of the primate <i>Papio ursinus</i>	361
Chalcocopyrite thin films. Preparation of CuInSe ₂ thin films by the semi-flash evaporation of chalcocopyrite compounds	604
CHELKOWSKA, E., <i>et al.</i>	601
CHEMALY, S.M.	568
CHETTY, D.J., <i>et al.</i>	385
CHOWN, S.L. and MERCER, R.D.	217
Chrysotile asbestos. Binding of deoxy-thymidine-5'-triphosphate and deoxyadenosine-5'-triphosphate to chrysotile asbestos	557
CLARKE, R.J.	415, 523
Classification trees. Predicting anchovy recruitment in the southern Benguela ecosystem: developing an expert system using classification trees	465
Climate change. Climate change and water resources in the southwestern Cape, South Africa	369
Climate change. Were Heinrich events forced from the southern hemisphere?	43
Climate change research. Biocomplexity and climate change: a new capacity building research programme at Marion Island	217
Climate models. Environmental reconstruction and climate modelling of the Late Quaternary in the winter rainfall region of the Western Cape, South Africa	611
Climatic variables. Modelling Nama Karoo shrub dry matter production using climatic variables	541
COCKS, M.L. and DOLD, A.P.	589
Coastal forest. The trade in medicinal plants in the Eastern Cape Province, South Africa	589
Coelacanths of the western Indian Ocean. First capture of a coelacanth, <i>Latimeria chalumnae</i> Smith, 1939 (Pisces: Latimeridae), off Kenya	345
COLHOUN, E.A.	55
COLLIER, A.B. and HUGHES, A.R.W.	547
COLLIER, M., <i>et al.</i>	194
COMPAGNO, L.J.V., <i>et al.</i>	349
CONDE, C.J. <i>see</i> CELA-CONDE, C.J.	
Coniacian age. A submerged Late Cretaceous podocarpaceous forest, west coast, South Africa	181
Conservation biology. Using decision analysis to evaluate candidate OMPs for the South African west coast rock lobster fishery	461
Consumer-resource dynamics. Credible models for herbivore-vegetation systems: towards an ecology of equations	445
Continental Antarctica. Permafrost, active-layer dynamics and periglacial environments of continental Antarctica	82
CORNER, B. and BENADIE, A.	281
Cosmic ray intensity. The effect of wind on pressure correction of the SANAE neutron monitor counting rate	278
Cosmic ray production. Secular variations in carbon-14 and their geophysical implications	154
Crack edge collocation. Crack edge collocation for the direct computation of stress intensity factors using the displacement discontinuity method	481
CRADOCK, K.R., <i>et al.</i>	225
Creative mathematical problem solving. An insight into creative mathematical problem solving via Pascal's triangle	491
